August 25, 1983

Dear Coach,

We are happy to invite you to enter the 19th annual McQuaid Invitational Cross-Country Meet, which has been approved by the National Federation for schools from New York, Vermont, New Hampshire, New Jersey, Rhode Island, Pennsylvania, and northeast Ohio, as well as by the Ontario Federation for schools from Ontario, Canada.

This meet has become the largest high school-sponsored one in the U.S.A., last year bringing together 138 schools from 6 states and Canada. We're making the following changes that we hope will improve the meet:

1. Adding two Girls varsity races, one a third championship division, the other an unseeded race for the weaker Girls varsities from all 3 divisions.
2. Adding a Girls jr. high race to relieve the crush at that level. (Last year's jr. high race had 303 girls, making it the largest race of the meet.)
3. Changing the Boys jr. high "Extras" race, which had only ribbons as awards, to a fourth Boys jr. high division, with T-shirts, medals, ribbons & team plaque.
4. Changing the Boys "Novice" race back to a Sophomore race, open to all sophomores, regardless of ability.
5. Dropping the Girls "Novice" race in favor of the Girls unseeded varsity race.
6. Increasing the distance for Boys Varsity "B" (our designation for J.V.) and sophomores to 3.0 miles, same as Varsity.
7. Changing the sequence of loops on our 3.0 course to avoid any problems with stragglers. The distance will remain at exactly 3.0., and the existing course records(14:43 and 18:22) will hold.

To accommodate these changes, we're moving the meet's starting time to 10:00, but our format otherwise will be identical to last year's. Here are the details:

DATE: Saturday, October 1st.

PLACE: Genesee Valley Park, on the southern fringe of the city.

COURSES: 3.0 miles for all races except jr. high.

1.5 miles for all jr. high. (Records: 7:47 and 8:40)

Both courses mostly grass, but spikes not advised because of some paved stretches. Moderately hilly, 85-100% visibility for spectators.

RACES: 6 Boys Varsity races. (3 divisions by school size with seeded and unseeded races in each division.)

4 Girls Varsity races. (3 divisions by school size, plus an unseeded race for the weaker schools from all 3 divisions.)

3 Boys Varsity "B" (J.V.) races. One race for each division. These races are not for boys who would normally be varsity scorers.

1 Boys Sophomore race. This is for any sophs who wish to compete at this level, even if they would normally be varsity scorers, as well as for 8th & 9th graders who have lost their jr. high eligibility by competing in J.V. or varsity races.

4 Boys Jr. High races (Grades 7-9). Divisions by school size.

2 Girls Jr. High races (" "). " " " " "

ORDER OF EVENTS: Each division will have all its races in succession, with the "A" races (Small schools) starting at 10:00, "AA" at 11:35, and "AAA" at 2:05. Some schools can be heading home at noon; others could arrive as late as 1:30. The complete time schedule is on the reverse side of this letter.

AWARDS: Again, we'll have 3 separate ceremonies so that athletes get due recognition without having to wait until meet's end. Our awards this year are increasing substantially (about 20%), especially in the girls races. A complete breakdown of awards is also on the reverse side.

ENTRY FEES: Same as last year -- \$10. per Varsity race, \$6. for each sub-varsity race. \$1. for Individuals, \$30. maximum

OVERNIGHT ACCOMMODATIONS: Teams travelling over 150 miles are invited to be guests of McQuaid families on Friday night. Details on a separate flyer enclosed.

The diversity of our field gives the McQuaid meet one of the finest competitive mixes you'll find anywhere in the country. We hope you can join us this year.

NOTE: TO HELP US WITH OUR PLANNING AND ALSO TO RECEIVE FOLLOW-UP INFORMATION, RETURN THE ENCLOSED POSTCARD AS SOON AS YOU CAN.

P.S.: If you're unable to include us in this year's schedule but are interested for future years, our dates are Sept. 29, 1984, Sept. 28, 1985, Sept. 27, 1986

Sincerely,
Bob Bradley
Bob Bradley, Meet Director

Course: 2.0 miles for jr. high

3.1 miles(5k) for Var. & J.V.

All grass & dirt, a lot of trails, one short tough hill, one stream to cross -- an interesting course. Spikes recommended for 5k men, not allowed for jr. high.

Competition: Mostly Section 3(Syracuse area) schools, with some from Section 4(Binghamton area). We figure to do well in all 4 races.

Awards: No team awards in Jr. High. T-shirts to first 15 finishers.

1-4 team awards in Seeded Varsity. T-shirts to first 25.

1-3 team awards in Unseeded Varsity. T-shirts to first 20.

1-3 team awards in J.V. T-shirts to first 15.

Travel Information: All runners will meet at McQuaid and leave from here unless you have made other arrangements with Mr. Bradley or Mr. Jones.

Be at McQuaid by 7:45. Dress here and go ready to run.

Arrive at B'ville by 9:30, in plenty of time to go over the course.

Leave B'ville as soon as you wish after your race. Travel time back to McQuaid is 90 minutes, in case you're going to the Aq game.

Reminders: Always have gloves and hat and undershirt available in case we run into very chilly weather.
Always have an old pair of shoes available in case you have to jog the course in rain or mud. Then change to racing shoes.
Never leave your uniform down without making sure someone is watching it. Don't leave souvenirs around upstate New York.
Remember: you're part of a McQuaid team, not an individual entry.
Know where the team is, and be with it.

DIRECTIONS TO BALDWINSVILLE

Take Thruway to Exit 39.

Turn left on to 690 WEST and follow to B'ville exit.

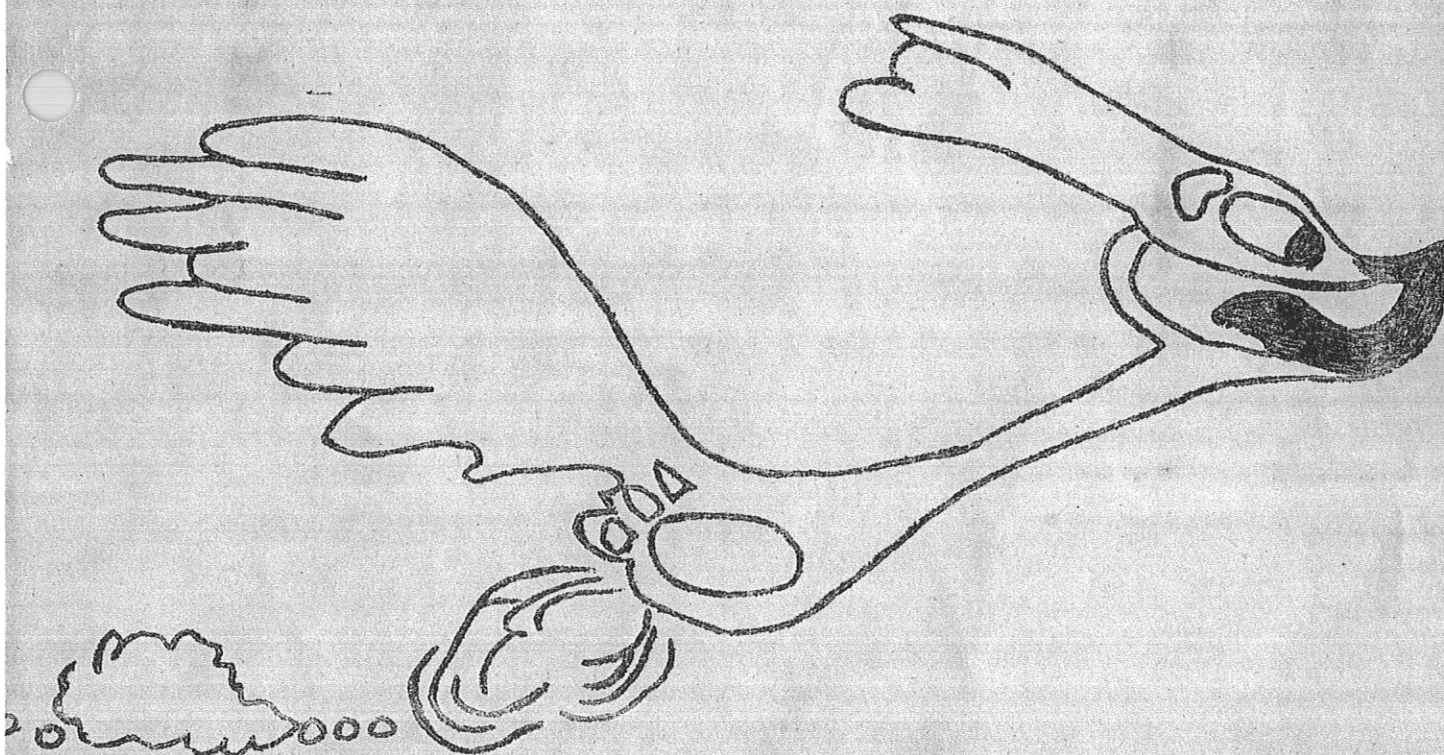

Turn right and follow to main road leading into town.(First light, I think.)

Turn left and go into B'ville.

Just past Four Corners, turn right and go up hill. School complex will be right there. Park as close to course as you can get.

He has leg up on competition

Sperry's Joe Burke surprise of season

By Gary Fallesen

Democrat and Chronicle

After spending last cross country season looking up to runners like Mike Oberholzer and Dan Fernandez, Joe Burke is shocked by the prospect of having to look back at his best competition.

Burke, a 5-foot-10, 145-pound senior from Rush-Henrietta Sperry, is the surprise of this high school season.

"Last year, I don't remember Burke being up there," said Ron Zimarino, Oberholzer's coach at Greece Olympia. "Now he seems to be one of the best around."

"He has come on and really developed solidly," McQuaid Coach Bob Bradley said recently. "He looked very good at Newark."

Burke came into his own last Saturday at the Newark Invitational, when he finished second in the large-school division race behind potential state champion Dan Garrett of Clarence. His time, 16:31 over the 5,000-meter course at Stuart Park, was the best of any Section 5 runner, including Oberholzer and Greece Athena's Fernandez.

That performance has made Burke's goal of winning the Sec. 5 championship and finishing in the top 10 in the state meet considerably more realistic than when the season started.

His biggest challenges locally should come from Oberholzer and Fernandez. While Burke finished 10th in the sectionals last year, Oberholzer was fifth and Fernandez sixth.

"I wasn't that impressive," Burke admitted. "I looked up to those guys. I said to myself, 'I can never come close to them.'"

"Now that I can come close to them, it's just a shock," he added.

Even Burke has a hard time explaining his improvement.

"It just all came together," he said. Burke runs because he enjoys winning. "What you're good at you like to do," he said.

But he started his high school career playing football. "I liked football better than I liked running," he said.

Then, after breaking his thumb as a freshman, he quit the football team and went out for cross country. He's been in the shadow of runners like Oberholzer and Fernandez ever since.

Oberholzer and Fernandez have established their own friendly intra-town rivalry.

As sophomores, Oberholzer defeated Fernandez in each of their six meetings. Last year, the two juniors won three times each in races against each other.

"They enjoy competing against each other," Fernandez's coach, Del Jandrew, said.

Fernandez is coming back from an off-season thigh injury.

"He's not training as much as the other top runners," Jandrew said. "But Danny will be right there, if not above the other two (Burke and Oberholzer), by the end of the season."

Fernandez was 30th in the state last year, while Oberholzer finished 18th.

Oberholzer, Fernandez and Burke may be the area's front-runners, but McQuaid's Chris Lyboldt, Brighton's Tim Heinle, Brockport's Scott Barrett and Sperry's Ed Cichon are not far behind. All four are juniors.

Lyboldt, who missed most of last season with an ankle sprain, is one reason McQuaid is Section 5's most highly-regarded team. His teammates include David Warth, Steve Rapp, Rob Smillie, Roy Smith, Frank McLaughlin, Tim Judson, Joe Amoroso and Scott Pater-son.

"Chris is definitely one of our top runners, but we've never had that many individuals who were truly outstanding," Bradley said. "We've always done it on team balance."

Bradley has guided the Knights to Section 5 titles four times in the last 21 years. His team is favored again this season.

"Our front-runners can run with their front-runners," Brockport Coach John Izzo said, "but they have incredible depth."

Brockport, which has won three sectional titles in Izzo's 15 years, may challenge McQuaid.

"Potentially we're a good team," Izzo said, "but right now, we're just adequate."

"Our top three runners should be right up there in sectional competition," he added, referring to Barrett and seniors Chris Farley and Jeff Scorse. "But our fourth, fifth, sixth and seventh runners must come along. Whether we can catch McQuaid and Brighton, I don't know."

Brighton is a young team that is "sur-

prisingly good," according to Bradley.

The Barons' top four runners are Heinle, sophomore Brett Yost, junior Phil Levinson and senior Shannon Trice. Sophomore Paul Hutcheson and juniors Mark Engerman and Nick Tshilbes round out the squad.

"They stack up very well with all the sectional teams I've had," 17th-year Coach Art Nelson said, comparing the state's 24th-ranked Barons to his 1966, '67 and '71 sectional championship teams. "It's the same type of team. It's a hard-working, cohesive group."

"I'm not saying we're a world-beater, yet," he added.

Brighton will get an insight into its capabilities Saturday at the 19th annual McQuaid Invitational at Genesee Valley Park.

The Barons will run in the boys' Class AA seeded race against such formidable opponents as the state's sixth-ranked Malone Franklin of Section 10 (St. Lawrence area), Canisius of Buffalo, Cloverleaf of Lodi, Ohio, and Brockport.

The McQuaid Invitational is the nation's largest high school-sponsored meet, with more than 4,000 runners from 160 schools competing in 20 races beginning at 10 a.m.

Burke, Oberholzer and Fernandez are scheduled to go head-to-head in the boys' Class AAA unseeded race at 2:40 p.m.

The day's biggest team race will be for seeded large schools at 3:30 p.m. That race will feature defending champion St. Michael's of Toronto, the state's top-ranked Clarence, fourth-ranked Liverpool, seventh-ranked Auburn, 10th-ranked Syracuse Corcoran, 11th-ranked Binghamton, 12th-ranked McQuaid and 19th-ranked Ithaca, as well as Bishop Hendricken of Warwick, R.I., LaSalle Academy of Providence, R.I., Mt. Lebanon (Pa.), Pittsburgh Central Catholic, Walsh Jesuit of Stowe, Ohio, and Kearny (N.J.).

Among the top runners in the race will be Garrett, Ron Markozich of Williamsville North and Shannon Ritchie of Walsh. Ritchie finished second last year, with Markozich third.

In other races: Penn Yan will have its Class A title threatened by the presence of Pennsylvania's state small-school champion, North East ... Baldwinsville, the state's top-ranked girls' team, and Mount Lebanon will go head-to-head in the girls' large-school race ... Three-time defending champ Chardon (Ohio) will have its title threatened by Hudson (Ohio) and Owego in the girls' AA race ... North East and Elmira Notre Dame are favored in the girls' A race.

Diverse rivalries the rule at McQuaid Invitational

Markezich and Oberholzer claim titles

By Brett Avery

Democrat and Chronicle

The races were similar — shoulder-to-shoulder sprints which saw the more experienced runner pull away in the final 500 yards to claim an individual cross country championship in the 19th annual McQuaid Invitational.

The difference between yesterday's two Class AAA races at Genesee Valley Park was the relationships between the top two runners in each contest.

Ron Markezich of Williamsville North, last year's state large-school champion, and Dan Garrett of Clarence live five miles apart. They spent the spring and summer training together and have developed a close friendship.

Markezich, a junior who finished third last year in this meet, sprinted ahead of Garrett to claim the AAA seeded title in a time of 14:48.9, six seconds off the three-mile course record.

Mike Oberholzer of Greece Olympia and Joe Burke of Rush-Henrietta Sperry

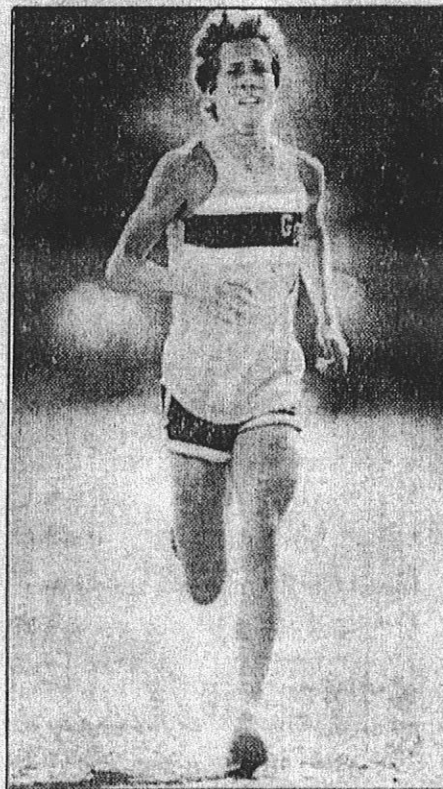

are fierce competitors, and when their race is completed they shake hands and part company. Oberholzer's speed was too much for the fast-starting Burke, as he opened a nine-second victory (15:16.5) in the AAA unseeded race.

Mary Pat Hickey of Clarence provided another highlight when she lopped :27 off the girls' course record with a 17:20.9 performance in the AAA meeting. In doing so she helped the Devils, rated fifth in the state, edge top-ranked Baldwinsville, 83-87, for team honors.

Markezich-Garrett duels are a common sight around Buffalo. Markezich was last year's Section 6 champion and the state winner this spring in the mile — less than a second ahead of Garrett at the finish.

"We trained together all spring and summer. I don't like racing together (at the end) like that, because we're such good friends," Markezich said. "Even when we're practicing, we don't like to

lose to each other. When there isn't any competition in a race, we push each other."

The AAA seeded was the last varsity race of the six-hour, 20-race card featuring 4,000 runners from 160 of the Northeast's best teams. It began as a stampede of more than 150 runners and quickly narrowed to about a dozen in the leading pack.

Despite a slow pace, only four runners remained at the midpoint: Markezich, Garrett, Mike McGowan of St. Michael's (Toronto) and Shannan Ritchie of Walsh Jesuit

(Ohio), last year's runner-up in the same race. The foursome turned the first two miles in 9:55, five seconds slower than the pace set last year by winner Miles Irish of Burnt Hills, and were four across with a little more than 800 yards remaining.

"I knew I could out kick them on the last 100 (yards)," Markezich said of his opposition. "I wasn't planning on going on the hill, but I felt good up there and I thought, why not?"

By the time Markezich reached the last 100 yards, he was coasting to the line with a comfortable 70-yard lead.

The unseeded race, featuring a dozen area teams in the field of 31 squads, began differently. Burke, a senior who has become the Section 5 upstart, sprinted to the lead and opened a 60-yard lead over Harry

Derck of Aquinas, who finished seventh.

"I definitely wanted to take it out hard, but I thought someone would come out with me," Burke said of his 4:46 first mile. Oberholzer was content to remain with the first group, slowly moving his way through the top 10. At the two-mile mark Oberholzer caught a fading Burke and the pair stayed together for the next half-mile.

"I knew I had to stay near the front," Oberholzer said. "I was pushing to stay with Joe when we got around the bend (within 600 yards of the finish). I thought I would go for it and see if he could stay with me."

Burke couldn't. "The heat got to me," he said. "I just didn't have it at the end. His race had more strategy. On a colder day I might have been able to hold on.

CROSS COUNTRY: Vestal's girls flexed their muscles heading into Friday's Section 4 Championships by placing five runners in the top 13 in the Loyal Greenman Invitational at Ely Park Park Golf Course.

Debbie Hemingway led a 1-3-6-10-13 Vestal finish for 33 points to Elmira Free Academy's 92 and Binghamton's 93. EFA and Binghamton are expected to be the Golden Bears' closest competition in their Class A title defense at IBM Homestead.

Hemingway most of the way over the hilly three-mile course before breaking the tape in 18:50.

McQuaid Catholic of Rochester, led by Chris Lybolt's third-place finish, scored 67 points to Ithaca's 75 and Binghamton's 90 in the boys' meet. Ithaca's Mark Langan took the lead with a mile to go to win in 15:42, five seconds in front of Harry Derck, of Rochester's Aquinas Institute, and Lybolt.

Burchill, Oberholzer win Monroe County cross country titles

Democrat and Chronicle

Beth Burchill of Churchville-Chili captured the girls' race and Mike Oberholzer of Greece Olympia won the boys' in the Monroe County League cross country championships yesterday at Mendon Ponds Park.

Burchill covered the 3.1-mile course in 18 minutes, 58.9 seconds while Oberholzer finished in 15:36.4, just four seconds off the course record.

Spencerport and Webster amassed 76 points in the girls' division. Spencerport won the team title because its sixth runner, Patty Graney, finished ahead of Webster's sixth runner.

Brighton easily captured the boys' team title with 49 points, and Fairport finished second with 121.

• In Binghamton, McQuaid won the Greenman Invitational boys' cross country meet at Ely Park Golf Course. The

Knights' total of 67 points was low enough to defeat runner-up Ithaca, which totaled 75. Binghamton was third with 90. McQuaid's No. 2 varsity team was sixth with 175 and Aquinas finished seventh with 227.

Harry Derck of Aquinas was second in 15:46 over a 3.0-mile course. McQuaid's top finisher was Chris Leyboldt, third with 15:47.

Burchill, Oberholzer slip, slide to first-place finishes

By Betty Gordon

Democrat and Chronicle

NEWARK — Two of the winners fell along the 3.1-mile course because of the slippery, muddy conditions made worse by a constant light snowfall. Even those who managed to keep their feet the whole distance agreed — the course was less than ideal.

"It's wicked out there," Churchville-Chili's Beth Burchill said to Greece Olympia's Mike Oberholzer after she claimed the Section 5 Class A girls' cross country title in 20:25.3.

"Thanks for telling me before my race," Oberholzer replied with a slight grin.

The assessment of the conditions didn't stop Oberholzer as he won the Class AA boys' race in 16:58.7 at Stuart Park yesterday.

After the second race, meet director Dale Ladd of Newark called together the league chairmen and proposed the course be altered to eliminate a hill that was causing many of the problems. The league chairmen agreed, although at least one coach thought it was unfair because he specifically had trained his team this week for bad-weather running.

For the third race, the course was run without that hill and replaced by a more gradual slope.

"The conditions were bad for everybody," said Oberholzer who added he had overcome a tight thigh muscle earlier in the week. His victory capped an undefeated Section 5 season.

"I know I have no chance to win at the states (next weekend in Poughkeepsie). That's why I

CROSS COUNTRY

wanted to be undefeated at sectionals," Oberholzer said.

Conditions were the same for all, but two of the winners actually sounded as if they enjoyed their races.

"I love running in this kind of weather," said Burchill, who was one of the winners who fell.

"It's a challenge. I know some people don't like it, but it's an advantage to me. The other people get psyched out."

Mike Hayes of Haverling, who won the boys' A race in 17:23, concurred.

"This is the kind of weather I like to run in if you can believe it," Hayes said. "I love the snow in the winter. The mud I could have done without."

Janet Kiser of Waterloo, a 13-year-old eighth grader, was the winner of the first race, the girls' B-C, in 20:24.1. She was the other winner who fell.

"Amy (Edwards) tripped me by accident," Kistner said of her rival from Honeye Falls.

Lina.

Kistner said she got up right away and it didn't take her long to catch up with Edwards, who was the runner-up. Kiser's finishing sprint was the difference.

It took Burchill, who fell at about the halfway point of the race, a bit longer to catch up with

Erika Schwarz of Webster.

"She was right behind me and I thought she was going to step on me," said Burchill, who finished third in Section 5 last year. "I knew I had to get right back up and start running."

Within three-quarters of a mile, Burchill had overtaken Schwarz who finished fourth in 21:21.5.

"This is the way I planned it," Burchill said. "I knew it would be me putting together a good race. I just had to hang onto her halfway into the race. I knew I could take her."

The other individual winner was Jack Countyway of Pembroke who collected his third straight Section 5 title as winner in the boys' B-C race. His time was 17:42.0.

The Class AA team race was expected to be close and it was. McQuaid edged runner-up Brighton, 62-69. McQuaid placed three of its runners in the top 10 finishers.

"It was our best front strength in a meet," said McQuaid Coach Bob Bradley, whose team added its fifth title in 11 years.

Rob Smiley was seventh in 17:29, Chris Lyboldt eighth and Scott Paterson 10th. It was the first time Smiley had finished in front of Lyboldt.

Brighton Coach Art Nelson was a gracious loser.

"We had to have a race like last Saturday at the (Monroe) County meet to come close. There were two great teams and McQuaid was the winner today. I congratulate them."

BOYS

Class A — Clarkstown North doesn't figure to challenge for the title, but stranger things have happened. The Rams are rated 23rd in the New York State Sports Writers poll, and will rub shoulders with the state's top four ranked teams at the starting line. Clarence-Section 6, Auburn-3, Newburgh-1 and Wamtagh-8 are the race favorites while defending champion Rochester McQuaid-5 is another quality contender.

Waterloo's Kisner Section 5's high finisher at state meet

R-H Sperry's Burke 12th in boys' Class A race

By Brett Avery

Democrat and Chronicle
POUGHKEEPSIE — Janet Kisner smiled as she puffed her way across the finish line.

Before the start, the Waterloo eighth-grader had hoped for a spot in the top 25 yesterday in the state cross country girls' Class B race. After covering a third of the hilly, three-mile course at James Baird State Park, she thought 10th might be within reach.

After two miles, she realized she was eighth in a field of 116.

"When we got to the 2½-mile mark, I thought I could make the top five," she said. She charged up the last of two steep grades and outran three others in the last 100 yards to claim fourth place in 19:41.

Her performance was the highest finish by a Section 5 runner in the New York State Public High School Athletic Association meet. Teams had a tougher time in the six races, with the McQuaid boys placing highest — fourth in the Class A boys — and the Section 5 girls' B squad third.

The only race Section 5 missed the top 10 was the competitive boys' A, as Joe Burke of Rush-Henrietta Sperry was 12th (16:41).

Kisner, who was 85th in last year's state race at the Community College of the Finger Lakes (22:44), had trouble pushing her foot-5 frame through the traffic at the start.

"It was hard to get out. We started at the center of the line, so we were able to run

CROSS COUNTRY

straight to the first corner," she said. Instead of enjoying an open course, she was caught behind slower runners who veered in front of her, and had to fight through the pack.

She stayed with the pace over the flat first mile, which crossed a golf course, then made her move as the trail changed to gravel over a tree-covered hill.

"I picked up a lot of ground in the woods," she said, pointing to the hill before the two-mile mark where many runners tired. "Most of them (runners ahead) died at the top of the hill. That's how I passed most of the people."

Kisner, who sprinted to the finish line first last weekend in the Section 5 championships at Stuart Park in Newark, showed the same burst when she topped the final slope with 400 yards remaining.

She edged Michelle Franklin of Homer (Section 3), whom she had paced herself against, then outran two other girls and missed third by only a stride. Sally Smith of Pittsford Sutherland finished 10th (19:58).

A few steps were all that separated local runners in two other races.

Beth Burchill of Churchville-Chili, last week's Section 5 winner, coasted across the line in Class A ahead of Erica Schwarz of Webster as the pair finished fifth and sixth.

Oakfield-Alabama's Mike Kingsley, who spent much of the season dueling with Jack Countway of Pembroke, nipped Countway by three seconds to take sixth in Class C.

Also finishing in the top 10 in their races

were Dave Redding of Dansville — who turned in the fastest Section 5 boys' time — in Class B (sixth, 16:38) and Colleen Skelly of Caledonia-Mumford in Class C (ninth, 20:08).

Burchill, in her third state meet, was surprised how quickly the race passed. "All I remember is the start, and then all of a sudden we were at the two-mile mark," she said. "Erica and I ran together at first, and that really helped. We talked to each other, but then she moved ahead for most of the race."

At the two-mile post, the 5-10 senior was sixth, 20 yards behind fourth-place Schwarz.

"I thought I'd better start thinking about what I had to do," Burchill said. "I felt strong coming in. I kicked at the top of the hill and I caught Erica."

Burchill was clocked in 19:23 — the fastest time of the Section 5 girls — and Schwartz Kingsley, fourth in the sectionals behind winner Countway, was pleased with his form.

"That's the best planned race I've ever run," Kingsley said. "It was a good mental race, and that spilled over into the physical. I usually get a little excited if somebody passes me, but I wasn't getting frustrated."

He was fifth after the first mile, as Countway led in 4:48. But as Countway dropped covering the first hill, Kingsley charged forward. "I kicked a little too soon at the end, though,"

said Kingsley, who finished in 16:47. "I got to the top of the hill and I started to go. I took a spot on the hill and then I lost it in the stretch."

Who caught Kingsley over the last 100 yards? "The guy who beat me was a freshman. Wouldn't you know it... a darn kid."

McQuaid 11th of 42 in federation meet

Democrat and Chronicle

McQuaid finished 11th out of 42 schools in boys' team scoring in the New York State High School Federation cross country championships yesterday at Favetteville-Manlius near Syracuse.

Clarence, No. 1 ranked in the New York State Sports Writers Association poll, finished first with 132 points. Newburgh Free Academy was second with 147, followed by Pearl River with 217, and Malone Franklin Academy with 260. McQuaid's total was 456. Rush-Henrietta Sperry finished 41st with 918.

Dan Garrett of Clarence finished first in the boys' team race, with Joe Burke of Sperry 21st and Rob Smillie 57th

to lead Section 5 runners. More than 300 runners competed over a muddy 5,000-meter course.

In the boys' individual race, John Trautman of Monroe-Woodbury finished first. Mike Oberholzer of Greece Olympia finished ninth and Dan Fernandez of Greece Athena finished 21st.

Baldwinsville won the girls' team scoring with 96 points. Webster, the only Section 5 team competing, finished 21st.

Beth Burchill of Churchville-Chili finished 27th in the girls' individual race.
