The only 1970 scorer who scored this year was Dean Stanley, who had 15 points.

I thought I'd list the past years to show how much improvement took place from year to year. As you can see, the Class of '70 scored four times as many points as seniors, as they did as sophs, and generally against tougher competition. So, with 31 scorers returning, I'd say the prospects are good for 1971.

*New McQuaid scoring record. His 3-year total of 299½ is also a record.
